Name and Section Number:

Process Lab Number:

Option Number:

---

1. Describe the LAB: what did you make, and how?

---

2. How does this LAB address the guiding questions and/or the central texts for this topic? (The guiding questions can be found under “Process Lab Guidelines” on the class blog.)

---

3. How does this LAB address the learning goals for the course (listed on the syllabus)?

---

4. What new question(s) does this LAB inspire you to explore for the future? What does it make you curious about?

---
